La Storia

Fondata nel 1970 da Pietro Minghetti ed oggi guidata dal figlio Diego, Carnival Toys è una realtà italiana consolidata che progetta, produce e commercializza costumi di carnevale, maschere, parrucche e accessori.

L'impresa nasce nel 1970 in un piccolo capannone a Godo, in provincia di Ravenna, dove Minghetti avvia la produzione di maschere di Carnevale con stampe di legno, decorazioni con aerografo e finiture completate in cabina di verniciatura. A metà degli anni Settanta passa alla serigrafia, in azienda si introducono nuove tecnologie e l'impresa riesce ad accelerare il processo produttivo. Arriva così il momento di ampliare la gamma dei prodotti e di inserire tra i propri articoli anche le parrucche.

Le originali creazioni di Minghetti nel 1980 vengono presentate in fiera a Milano e conquistano gli operatori del settore: un successo incredibile che sancisce il decollo dell'impresa. Da quel momento in poi un lungo percorso di crescita e di innovazioni caratterizzerà la Carnival Toys, che nel 1992 attua il trasferimento nell'attuale sede, sempre a Godo, con laboratori, uffici e spazi espositivi sempre più ampi.

Oggi Carnival Toys conta 35 dipendenti, produce e commercializza costumi e accessori in uno stabilimento di circa diecimila metri quadri, è orgogliosa della propria linea Made in Italy ma è alla continua ricerca di prodotti innovativi da ogni parte del mondo.

Il catalogo aziendale vanta oltre 5.000 articoli con un turnover annuale di 500 nuove proposte per i negozi specializzati, la GDO e la vendita all'estero: in tutta Europa e in diversi altri Paesi nel mondo.

L'azienda ha una rete di vendita globale con agenti che presidiano il mercato italiano e quello estero con un'offerta completa e stagionalizzata.

La sede Carnival Toys di Godo di Russi (RA) è un punto di riferimento che offre ai visitatori un ampio showroom e la possibilità d'incontrare lo staff creativo dell'impresa. L'azienda propone i propri prodotti in vendita anche online attraverso un portale riservato al B2B e garantisce un servizio logistico per la consegna della merce e la gestione degli ordini, all'insegna della rapidità e della precisione.

Our History

Carnival Toys was founded in 1970 by Pietro Minghetti and is now led by his son, Diego. Today, Carnival Toys is a solid Italian company that designs, produces and sells Carnival costumes, masks, wigs and accessories.

The company came to be in 1970 in a small warehouse in Godo, a small town in the province of Ravenna. There, Mr Minghetti started a production of Carnival masks using wooden moulds, decorating them with an airbrush and giving the finishing touches inside a painting booth. In the mid Seventies, Mr Minghetti moved to serigraphy and the company acquired new technologies. Thanks to them, the production process became much quicker. The product selection was then expanded to include wigs.

In 1980, Mr Minghetti's original creations were presented during a trade fair in Milan and they won over the workers of the sector. Such an incredible success determined the growth of the company. From that moment on, Carnival Toys has been characterised by growth and innovation. In 1992, the company moved to its present headquarters, still situated in the town of Godo, but equipped with much bigger workshops, offices and exhibition spaces.

Today, Carnival Toys has 35 employees and it produces and sells costumes and accessories inside a 10,000 square metre plant. The company is proud of its completely Italian production but it keeps looking for innovative products from all over the world.

The company catalogue is comprised of more than 5,000 items with a yearly addition of 500 new products for specialised shops, large-scale organised distribution and foreign sales all over Europe and in many other countries in the world. The company has a global sales network with representatives that monitor both Italian and foreign markets offering a complete and non-seasonal range of products.

Carnival Toys has its headquarters based in Godo di Russi (RA) and they are a reference point that offer their visitors a wide showroom and the chance to meet the creative department employees. The company also merchandises its products online using a B2B reserved website and it also guarantees a logistical service for the delivery of the merchandise and the management of purchase orders. Speed and precision are two key aspects of the company's management.
